Basic Plan

The Basic Plan offers an upgraded experience for learners looking to enhance their job-readiness. It includes all features of the Free Plan along with **full access to quizzes as tests**, **top 3 questions for practice**, and **job-focused exercises** to develop practical skills. Participants receive **general career counseling guidance** and **networking strategies** to improve their professional reach. The plan also provides **interview tips and tricks** and **limited access to career workshops**. Program access is extended to **60 days**, providing ample time to complete learning and practice modules.
